THE CHARGE IS VIOLATION OF THE DRUG ACT

William Burns, who is said to have hailed from Uniontown, and who was arrested in Monessen after having [illegible] oin, had a hearing this morning before Squire Paul R. Nutt at the Municipal building. Burns' physical condition precluding him from going to the justice dispenser's office. The charge against Burns was violation of the drug act, and he was held for court in the sum of $200 bail, failing to secure bondsmen he was taken to the county jail at Washington.

It is said that Burns went into the office of Dr. Viesler here and asked the doctor to write him a prescription for the narcotic, but the physician refused. In leaving the office he noted a special prescription pad, and took the pad with him. In a short time a call was received from one of the Lock No. 4 drug stores that a man (giving his description) was there with a prescription for herom, but as the writing did not tally with Dr. Viesler's, the druggist was suspicious, and refused to fill the prescription until confirmation was made that it was genuine. When told it was forgery the druggist refused to fill the prescription the man then crossing the bridge to Monessen, where he had it filled. In the meantime Chief Murphy had been apprised, and notified the authorities in the different surrounding towns, with the result that Burns was arrested in a Monessen pool room shortly after having the prescription filled. A companion with him escaped.

It is said that Burns has inveigled young men of Uniontown in the drug-forming habit, and was obliged to leave Uniontown. He is a young man only 22 years old.

Threw Barrels From Railroad Trestle, Alleged

Five young men of Washington charged with throwing water barrels from a Baltimore and Ohio trestle, were captured Monday by Chief of [illegible] B. Haines. Their names are William Lyons, 18, William Carroll, 20; Stanley Semsky, aged 20; Daniel Lions, aged 21, and Arthur Arams, colored, aged 20 years.

Tuesday they were turned over to Captain Gross, of the B. & O. detective force and taken before Alderman J. F. Carmichael, of Washington, where information was made against them, charging malicious mischief. They were committed to the county jail in default of $200 bail each for a hearing at 10 o'clock today.

Monday afternoon, it is alleged, these boys were seen throwing the barrels from trestle at Lincoln Hill. These barrels are kept filled with water and are located at intervals on the trestle to be used in case of fire on the structure. Chief of Police Geo. B. Haines was notified and he started in search of the boys. When he arrived at Lincoln Hill no trace of them could be found. Going back to Washington, he kept watch on the railroad tracks until he found the five defendants coming in. He captured them in the cut near the Hazel No 2 glass factory.

Celia Cooney, the woman, is taciturn, ungrammatical, uncomplaining. Her tall husband, Ed, who gathered the spoils of his wife's daring raids on chain grocery and drug stores of Brooklyn, chews gum noisily and says nothing. Neither is permitted to discuss their joint exploits.

Two hundred people, young, middle-aged, and old, congregated at Christ Lutheran church last night in a formal "Get-Together" assemblage of the laity, congregation, and friends of the Christ Lutheran society, and, particularly, in welcoming the new acquisitions to the church—42 communicants received into the good fellowship of the society since January 15.

Following this came the calling of the families of the church in alphabetical order, by the secretary, D. A. Smith, assisted by E. H. Colditz and Harry Goehring.

The society has had as its objective a financial drive, the sum of $2.000 being the aim, and last night the sum of $3.210 was reported, with several parties to hear from. One of the felicitous and noteworthy features was the burning of a demand note for $2,000, this pleasurably amenity being attended to by Mrs. R. O. Vetter, Mrs. Anna Schempp, and Captain J. K. Hein, who burned the note in the presence of the audience. During the burning of the note, the assemblage sang "Praise God From Whom All Blessings Flow."

TOWNER AND HEFFRAN NOMINATED

The returns of the primary election indicate the nomination for state representative at the Republican primary Tuesday of D. Glenn Moore, West Washington and William S. Lockhart, McDonald in the First district, and Claude E. Towner, Monongahela, and James T. Heffran, Speers, the present member, in the Second district.

Returns from 70 of the 74 precincts in the Second district show the following results: Charles S. VanVoorhis, 2,883; Claude E. Towner, 3,271; John J. Oates, 994; James T. Heffran, 3,212. The missing districts are not large and the returns from them will not materially change the [illegible] of Towner and Heffran.

Early returns seemed to indicate the nomination of VanVoorhis with the fight for second place lying between Towner and Heffran. The rural vote, however, strongly favored Towner and soon put him in the lead which was not overcome.

General Edward Martin of East Washington has been nominated for auditor general.

NINE HAVE A NARROW ESCAPE FROM A BOMB

Pittsburgh, Pa., April 24—(United Press)—Nine persons escaped death this morning when a bomb exploded in the rear of the store of Ferdinand Tucciarone. Tucciarone, his wife and seven children were hurled from their bed but were uninjured. The rear of the building was rocked by the explosion and windows in the neighborhood shattered.

STRIKES KEYNOTE OF FOREIGN POLICY

Washington, April 24—(United Press)—President Coolidge has struck the keynote of an American foreign policy that will be generally acceptable to most of the country, even if it offends two large groups of opinion, his advisors believed today.

This policy, based on the long list of achievements by Secretary of State Hughes, will neither satisfy the insolationists nor pre-league elements of the United States, it is admitted.

However, Mr. Coolidge can answer these main schools of opposition as follows:

To the irreconcilable element, which also is fearful of the American people [illegible] Europe, the president can point to the unequivocal language in his New York speech declaring the league of nations dead so far as the United States is concerned, and to his statement that he expects foreign nations to pay their debts to us.

To those calling for complete cooperation between the United States and the rest of the world, President Coolidge can turn to his speech where he is on record as approving participation of American finance in the international loan to Germany under the Dawes reparations settlement plan and where he favors the calling of another disarmament conference when the reparations settlement is established.

The Coolidge-Hughes foreign policy now is fairly well formulated, and it is expected to have a prominent place in the Republican platform. Briefly, it is:

1.—Cooperation with Europe when practicable, but avoidance of participation in European politics—economic and extra-official cooperation being favored to political alignments.

2.—As a fundamental basis of this [illegible] the president desires to further world disarmament. The president and Hughes are understood to feel that if another succesful disarmament conference can be held, the administration will have done everything possible in the interest of world peace.

The results of this policy are believed likely to serve as the fulfillment of the late President Harding promise of an "association of [illegible]

CUDDY DEMARCO WILL HAVE IT OUT WITH "KID" KAPLIN TONIGHT AT WATERBURY

Cuddy DeMarco meets "Kid" Kaplin at Waterbury, Conn., tonight. This is the second meeting of this pair and from the appearance of things promises to be a lively affair. Their first meeting was in Motor Square Garden at Pittsburgh a few months ago and resulted in a draw decision being handed out by the referee. This decision was unpopular with both the supporters of DeMarco and those backing Kalplin. Tonight there no question of the winner and as a result a lively tilt is expected. Cuddy has been training hard for this bout, and if he is successful, one more of the real contenders for the lightweight crown will be eliminated.

PIRATES OPEN SEASON AT FORBES FIELD THIS AFTERNOON

This afternoon the Pirates will open the season of 1922 for the home games at Forbes field. They will have as their opponents the strong Cincinnati Reds, who, while temporarily deprived of the services of Roush, are extremely formidable, and vie with the New York Giants as the favorites to win the pennant. The opposing pitchers will be, Meadows for the Pirates, and Donahue, for the Reds.

The Pirates, chagrined over being beaten by the Reds two games in three starts in Cincinatti, will enter the contest this afternoon determined to win. The Reds come to Pittsburgh feeling rather chesty, inasmuch as they have thus early beaten not only Pittsburgh, but drubbed the Cubs. The Pirates are in fifth place, which is entirely too lowly for a club of their calibre.

The league standing remais as that of yesterday.

INDEPENDENTS TO OPEN SEASON HERE THURSDAY, MAY 1

Manager D. Cleve Mathers, of the Charleroi Independents, said yesterday that the baseball season here will be formally opened, weather permitting, on Thursday, May 1.

Mr. Mathers has not as yet contracted with the club which will oppose the locals, but it will probably be the Homestead Athletics, (not the Grays) or Beaver Falls. The name of the team and the time of play, together with the lineup of the Charleroi club, will be given in a forthcoming issue.

The local players are having workouts as many of them as can, at the local park every day. The grounds have been put in excellent condition and will be fast on the opening game, providing Jupiter Pluvius behaves himself and gives his sanction to the pulling off of the contest as scheduled.

The Charleroi team, individually and collectively, will be as strong, if not stronger, than it was last year. The boys have not had enough practice, and they went to Cumberland, Md., for the practice that the contest would give them, with little thought of winning. The club has been strengthened by the acquisition of Lew Phillips, and Waite, the new second baseman, will fill the shoes left vacant by the departure of Fillingham providing Joe does not return. Gannon, while not the batter that Schoaf is, is fully as good a catcher, and a better thrower to bases. With three pitchers, the locals will not or should not be, weak in the box. If Kiefer and Latriam report, as given out, they will be of vast assistance to Beatty, who pitched good ball here last year. Smith, at third and Kress at short, leaves little to be desired in the positions named. "Bill" Phillips is the "old reliable" at first, while Anderson and Davis will assist Lew Phillips in taking good care of the outfield.

Manager Mathers is anxious for the season to open, and hopes to get away to a good start by a win-

Your Next Car

Will be this Light-Six, if you learn the truth

WHEN you buy a car in the "thousand-dollar" class, here are some things you should know.

We made a canvass of men who bought rival cars in this class. And we found that 96 in each 100 bought without knowing these facts.

So, for your sake and our sake, we want to present them to you.

Save $200 to $400

Studebaker builds 150,000 fine cars yearly. It builds in model factories, modernly equipped. It has spent $38,000,000 in the past five years on new-day plants and equipment.

By quantity and up-to-dateness it saves large sums per car. A car like this Light-Six, built under ordinary conditions, would cost $200 to $400 more.

11.4% less to run

This supreme quality means lower operating cost. Owners of fleets of cars in this class made audited records to prove this.

They compared 329 cars, running up to 25,000 miles each. And they found that the Studebaker Light-Six cost 11.4% less to operate than the average of its rivals. This includes depreciation. The saving was nearly one cent per mile.

The reasons are these

The Studebaker Light-Six, in its chassis, represents the best we know. In steel and in workmanship it is identical with the costliest cars we build.

It is designed and superintended by an engineering department which costs us $500,000 yearly.

Each steel formula has been proved the best for its purpose by years of tests. On some we pay 15% premium to makers to get them exactly right.

Each car in the building gets 32,000 tests and inspections.

* * *

The crankshafts are machined on all surfaces, as was done in the Liberty Airplane Motors. This extra care costs us $600,000 yearly, but it means perfect balance in the motor.

More Timken bearings are used in this car than in any competitive car within $1,500 of its price.

There are 517 operations in making this car exact to 1/1000th of an inch. And 122 are exact to one-half that.

Genuine leather cushions, ten inches deep. Unusual equipment. Scores of extra values.

Made by the leaders

This is one of the cars which has made Studebaker the leader in quality cars. Our sales have almost trebled in three years. The trend toward Studebakers has become a sensation.

Last year 145,167 people paid $201,000,000 for Studebaker cars.

Back of this car is an honored name, which for 72 years has stood for high ideals.

Behind it are $90,000,000 of assets, staked on pleasing you better than others.

* * *

Before you pay $1,000 or more for a car, these are facts you should know and compare. You owe that to yourself.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free—clip the coupon below.

MARRIED TWELVE YEARS BEFORE BABY CAME

Gladly Recommends Lydia E. Pinkham's Vegetable Compound

Louisville, Nebraska.—"I was married twelve years before my boy was born. I had a lot of female troubles and had been treated by a physician for them but they continued much the same. Then I read your advertisement in the newspapers and thought I would give Lydia E. Pinkham's Vegetable Compound a good trial, for if it had helped others, why not me? I have taken 36 bottles of the medicine and am never without it in the house. My baby boy is three years old now and I sure am happy since I got relief from my troubles. When any one has troubles like mine, or any ways like mine, I am always glad to recommend the Vegetable Compound so that they will get the right kind of medicine." —Mrs. JOE NOVAK, Box 662, Louisville, Neb.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

NOTABLES ARE TERMED UNFAITHFUL

Washington, April 24.—(United Press).—"Such unfaithful servants as Daugherty and Fall have made more bolsheviks in America in a few weeks than a thousand soviet agents could make in a decade." Senator Wheeler, of Montana, declared today in replying to former Attorney General Daugherty's "defense speech" in Columbus, Ohio, last night.

Wheeler's statment to the United Press was provoked by what he termed "Daugherty's cunning but baseless insinuations that he and Senator Brookhart, of Iowa, were "inspired" by soviet officials to investigate the department of justice.

"In his array of distorted truths," said Wheeler, "Daugherty has taken refuge behind the last resort of modern knaves striving desperately to divert the public mind from their own corruption. When all else fails they trot out the 'red peril' bugaboo. His pitifully absurd smoke screen will only meet with ridicule.

"But this discredited official does not exaggerate the dangers that threaten the republic if the Daughertys and the Falls are not driven from office. That is the danger the Senate committee, by barring the corruption in the department of justice, is seeking to avert.

"There is a rising tide of discontent in America. Government by blackmail and the private sale of the public domain have brought it to the danger point. Nothing can check it if the bolshevik makers are left in office.

"That is the task to which the senate committee has dedicated itself. Washington must be made unsafe for grafters of the Jesse Smith and Howard Manington type—Daugherty's bosom friends. It must be made impossible for another Daugherty to dispense czarist Russian justice in the legal department of the government."

Wheeler added that the "squeal of a cornered rat" would not stop the investigation. When all the evidence is in, he said, "the country may judge for itself between the motives of committee and Daugherty."

There are even more ways of spending money than of making it. Joseph Leiter of Chicago pays $12 a pair for his silk socks and changes them twice a day.

MEXICAN PETROLEUM CORPORATION

Announce that the

SUPER OIL COMPANY

has been appointed distributor in Belle Vernon and vicinity for AMOCO--GAS, AMERICAN--STRATE Gasoline and EZE--LUBE Motor Oils.

AMOCO-GAS is the First and Original Special Motor Fuel. It bears the endorsement of Motor Car Factory Engineers, Automobile Agents, and a majority of the Motorists wherever we operate. It is the largest selling Special Motor Fuel on the market today, proving that its slightly higher price is justified. It is sold through the Green Pump bearing AMOCO-GAS Globe.

AMERICAN-STRATE (regular gasoline) is undoubtedly the very best regular gasoline obtainable. Laboratory and practical tests prove it to be so. It sells at the same price as other regular motor gasolines but is a cleaner, purer and more efficient product. It is sold through the Red Pump bearing AMERICAN-STRATE Globe.

EZE-LUBE Motor Oils are scientifically manufactured from especially selected crudes, and are oils of high flash and fire tests and exceedingly low in free carbon. They are manufactured in five grades—(different bodies)—a special grade for each type of motor.

NOTE: Dealers are cordially invited to get in touch with the SUPER OIL COMPANY, Belle Vernon, Penna., for details concerning dealers proposition.

THE ELECTION.

While the returns from the primaries are not fully complete, and it will take the official count to give the exact figures, sufficient information is at hand to insure the nomination of certain candidates, and they are being congratulated by their supporters in attestation of esteem and confidence in which they are held.

D. Glenn Moore of East Washington, and William S. Lockhart, McDonald, are the nominees for assembly, representative of the First district. Both the latter-named are good men, and should receive the support of the voters at the regular election in November.

While the Republicans of the county, and to the number the Mail joins, rejoice to learn of the nomination of General Edward Martin of East Washington for auditor general, there is regret that a local gentleman, Charles S. Van Voorhis, met defeat. Mr. Van Voorhis made a clean and honorable campaign, free from antipathies of any kind, and came before the voters on his record for public service. Of Mr. Martin, it can be said that his nomination is splendid recognition of the fine service he gave as a soldier, as a young man in the Philippine Islands, and later, as an officer of the famous 110th regiment in France. He had the endorsement of the state organization and of the majority of the Republican County organizations throughout Pennsylvania.

A NEW FEATURE.

The Mail has created an innovation in its columns. Instead of publishing sporting news indiscriminately as has been the custom, a page devoted to sports has been instituted. In the future all news items relating to sports will appear on the page which has for its caption, "In the World of Sport." Correspondents are invited to contribute items to this page, and in so doing would confer a favor by heading their news mention, "In the World of Sport."

Charleroi and this community are deeply interested in athletics, and give vent to their feelings in this regard in every line of wholesome sport. In the borough and contiguous vicinity are aggregations in the various lines of athletics, who in team work and individually, ever give a good account of themselves and credit and prestige to the municipality.

Just now people are interested in baseball, and the Mail will give the standing of the teams local and big leagues and brief reports each day. This also applies to boxing contests, particularly, in which local boys are contestants.

TAX MATTER IS TO COME UP

Washington, April 24 — (United Press)—The tax reduction proposal—with its varying rates that affect every earning person in the Nation—was to come up in the Senate today to face a long and uncertain fight.

With the bonus bill safely upon its way to becoming a law, Chairman Reed Smoot prepared to call up the Mellon bill as reported by his finance committee.

Even the most optimistic leaders predicted that the fight over rates could not be concluded for three weeks.

The final outcome is still in doubt, but impartial observers foresaw a victory for the Democratic income and surtax proposals.

The bonus bill in its passage displayed potential strength enough to become a law even though President Coolidge vetoes it, as congressional leaders expect.

The bonus will cost $135,009,000 the first year, according to estimates. The tax bill is now about $50,000,000 short of raising the amount of revenue the government will need next year for expenses. The president, it was pointed out, could say to congress that it might prove unbusinesslike to burden the treasury department with such a large revenue deficit. He could say that the tax bill rates must be raised or the bonus dropped — and therefore veto the bonus.

BELIEVE THAW WILL NEVER BE RE-TRIED

Philadelphia, April 24. — (United Press).—There is reason to believe that the motion for a re-trial for Harry K. Thaw's petition to be declared sane and released from Kirkbride's will never be filed.

In that event the millionaire will go free at once by court order. The trustees of the estate gave notice today that they will not oppose the freedom of Harry. When the jury's verdict in Thaw's favor was made known Tuesday night, Will A Gray, representative for Russell Thaw Evelyn's son gave notice that she would file a motion for a new trial. Owing to a recent agreement with Evelyn, however, this may not be done.

THOUSANDS DIE OF A PLAGUE

Allahbad, India April 24—(United Press)—More than 17,000 persons have died of the plague which has been ravaging the Punjab since the first of the year, during the last fortnight, according to statistics made public Wednesday.

Of 70,000 cases reported since January 1, 54,000 have been fatal.

Instruments Not Sociable

Band instruments have personal peculiarities all their own, says John Philip Sousa in Farm and Fireside. They are like guests at a party. A clever hostess knows that certain people will clash, and she plans her social affairs accordingly. So must a composer, or a leader who "arranges" the music that he plays, have care lest his instruments quarrel.

The lurid trombone, the [illegible] cornet, and the sentimental French horn each have their value in the band instrument social world. But they cannot be thrown together casually. Imagine a dainty and sweet musical love story interrupted by the blare of a trombone! The poor lovers would be completely discomposed, and the auditor would never find them again. The image would be destroyed.

Skilled and clever composers and conductors sometimes make "social errors" in instrumentation that are quite as ludicrous and quite as destructive of social accord as are the errors of an inept hostess.

Don't Go When the Signal Is "Stop"

CHILDREN cannot continue spending great energy in their play if that energy is not being replaced by energizing foods. And when parents stop to consider this fact they must become thoughtful about choosing foods which contain energizing food elements. One such element, *Dextrose*, is essential. It stores up energy and rugged health in all the body's blood and tissue cells.

It is also interesting to know that Karo, America's most popular and most delicious syrup, contains a large percentage of body-building *Dextrose*. And this, of course, explains why children thrive on Karo. Blue Label and Red Label Karo, by the way, are equally nutritious.
